Sir:

The computer readable form of the Sequence Listing of the above-identified application is identical with that filed in International Patent Application number PCT/US2004/043501, filed on December 23, 2004 in the United States Patent and Trademark Office Receiving Office. In accordance with 37 C.F.R. § 1.821(e), please use the computer readable form filed in International Patent Application number PCT/US2004/043501 as the computer readable form for the instant application. It is understood that the Patent and Trademark Office will make the necessary change in application number for the computer readable form that will be used for the instant application.

The undersigned hereby states that the contents of the computer readable form of the Sequence Listing in International Patent Application number PCT/US2004/043501 is identical to the paper form of the Sequence Listing in International Patent Application number PCT/US2004/043501.

The undersigned hereby states that the contents of the computer readable form of the Sequence Listing in International Patent Application number PCT/US2004/043501 is identical to the paper form of the Sequence Listing in the instant application.

However, in the event that there are any issues with accessing the Sequence Listing in computer readable form filed in International Patent Application number PCT/US2004/043501 and to expedite processing of the instant application, Applicants submit herewith a courtesy copy of the Sequence Listing in computer readable form filed in International Patent Application number PCT/US2004/043501 filed on December 23, 2004 in the United States Patent and Trademark Office Receiving Office, in compliance with 37 C.F.R. § 1.821(e) and (f).

The undersigned hereby states that the contents of the courtesy copy of the Sequence Listing in computer readable form submitted herewith is identical to the paper form of the Sequence Listing in the instant application. In accordance with 37 C.F.R. § 1.821(g), the undersigned hereby states that the courtesy copy of the Sequence Listing in computer readable form submitted herewith includes no new matter.

Respectfully submitted,

Date: September 29, 2008
